Gentlemen:

Regarding the sanitary sewer in Vermont Avenue and James Street, installed on Private Contract No. 197. This line was financed by the Federal Government and it was our understanding that it was at that time dedicated to the Sanitation District. We feel this to be true due to the fact that the County has connected the sanitary sewer from a housing project at Vermont Avenue and James Street into it as shown by attached sketch. We would appreciate your explanation for this.

If at this time you find no further evidence of ownership, we will be willing to dedicate this line to you. Please advise us as to the proper procedure in doing so.

Sincerely,

  
E. J. Reslock  
Maintenance Engineer
